Class 65 Carrot Cake

- | | |
|----------------------------------|------------------------------|
| 8oz (225g) self raising flour | 2 teaspoons baking powder |
| 5oz (150g) light muscovado sugar | 2oz (50g) walnuts chopped |
| 4oz (100g) carrots grated | 2 ripe bananas mashed |
| 2eggs | 5fl oz (150ml) sunflower oil |

For the Topping

- | | |
|---------------------------------|--------------------------------|
| 6oz (175g) full fat soft cheese | 2oz (50g) soft margarine |
| 4oz (100g) icing sugar sifted | a few drops of vanilla essence |
| walnut halves to decorate | |

Pre-heat the oven to 180C/350F/Gas 4. Grease and base line an 8" (20cm) deep round cake tin with greased greaseproof paper. Measure all the ingredients for the cake into a large bowl and mix well until thoroughly blended and smooth. Turn into the prepared tin and level the surface. Bake in the pre heated oven for about 50-60 minutes until the cake is well risen and shrinking away from the sides of the tin. Allow to cool in the tin for a few minutes before turning out and leaving to cool completely on a wire rack.

For the topping, measure all the ingredients except the walnuts, into a bowl or into a food processor and mix well until smooth. Spread over the top of the cake, swirling the top with a spatula for a decorative effect. Decorate the top with the walnut halves.

Keep it fresh... No items must be exhibited that have been shown before. **Make it your own...** All entries must be home produce unless otherwise stated. **Keep it clean...** All produce must be shown in a clean condition.
